

The veterinary voice in animal welfare

**Live sheep exports through or to the Middle East – Northern hemisphere summer: Draft Regulation Impact Statement**

- 1) Sentient opposes all LAE
- 2) Should LAE occur, Sentient supports the AVA's strong recommendation that no sheep should be transported to the Middle East from Australia during the months May to October (inclusive)
- 3) With reference to the options offered previously (Risk Impact Statement Submissions), Sentient supports the submission of the AVA.

Regards,

Dr Rosemary Elliott, President [REDACTED]
