

Australian Government

Environment Protection and Biodiversity Conservation Regulations 2000

**Access to Biological Resources in a Commonwealth Area
for Non-Commercial Purposes**

Permit Number:	AU-COM2010090
Date of issue	23 November 2010
Date of expiry	30 June 2011

Name and organisation of person to whom the permit is issued:	Max Planck Institute for Chemical Ecology – Dr Krång; Prof Hansson; Dr Erland; Dr Drew Ernst Moritz Arndt Universitat Griefswald – Prof Harzsch; Mr Krieger
--	--

Provision of Regulations for which permit issued	8A.06
---	-------

Collection of tissue samples from Robber Crabs (*Birgus latro*) from Christmas Island National Park

Access is permitted to the following location:

- Commonwealth land and waters in Christmas Island National Park

To collect the following biological resources for non-commercial purposes:

- a maximum of one antennule excised/collected per individual Robber Crab (*Birgus latro*) sampled, with a maximum of 10 individuals to be sampled
- a maximum of 50 grams of tissue samples from road killed specimens of *Birgus latro*

Conditions:

1. The permit holder may authorise in writing another person to perform actions specified in this permit.
2. The permit holder must obtain all other required permit(s) to conduct the specified project.

Australian Government

Environment Protection and Biodiversity Conservation Regulations 2000

3. Collection methods shall not attract undue attention or cause unapproved damage, depletion, or disturbance to the environment and other resources such as historic sites.
4. The permit holder will maintain records for each biological sample taken in accordance with subregulation 8A.19 of the Environment Protection and Biodiversity Conservation Regulations 2000, and provide a copy of these records to the Commonwealth within a reasonable period after the sample is taken.
5. No specimens (including materials) may be collected unless authorised by this permit.
6. The permit holder who undertakes an activity that results in the unintentional death, injury, trading, taking, keeping or moving of a member of a listed threatened species (except a conservation dependent species), a member of a listed threatened ecological community, a member of a listed migratory species, or a member of a listed marine species in or on a Commonwealth area that was not authorised by the permit must notify the Department of the Environment, Water, Heritage and the Arts (Approvals and Wildlife Division, GPO Box 787 Canberra ACT 2601) within 7 days of becoming aware of the results of the activity.
7. The permit holder shall not use the biological resources to which this permit relates for commercial purposes, and will provide a written report on the results of any research on the biological resources to the Commonwealth of Australia.
8. The permit holder will not give the sample to any person without permission of the Commonwealth of Australia.
9. The permit holder will not carry out, or allow others to carry out, research or development for commercial purposes on any genetic resources, or biochemical compounds, comprising or contained in the biological resources unless a benefit sharing agreement has been entered into with the access provider.
10. Access is permitted for Non-Commercial purposes. Failure to adhere to these conditions is an offence and may also result in suspension or cancellation of this permit.

Ben Phillips

Date 23 Nov 2010

Ben Phillips, Director, Protected Areas Policy and Biodiscovery, Parks Australia

Permit issued by Delegate of the Minister for Sustainability, Environment, Water, Population and Communities
