

APLC Landholder Consultation Record

Note: By signing this form the Landholder/Property Manager consents to the APLC undertaking aerial locust control on the property. Permission to spray does NOT guarantee that APLC application will result. The landholder may still need to undertake his/her own measures to control an infestation and comply with legislation and must advise any third party that may be affected.

Landholder Details

Property Name/s: Consultation Date:

Owner / Manager Name:
